Review of Educational Research

VOLUME XXIV

1954

- No. 1, February—"The Educational Program: Adolescence"**
- No. 2, April—"Guidance, Counseling, and Pupil Personnel"**
- No. 3, June—"The Curriculum: Organization and Development"**
- No. 4, October—"The Educational Program: Later Adolescence"**
- No. 5, December—"Statistical Methodology in Educational Research"**

The REVIEW OF EDUCATIONAL RESEARCH is issued by the American Educational Research Association, a department of the National Education Association. From January 1931 thru June 1953 each issue dealt with one topic from a list of 15 fields of research. The original plan was that the 15 issues in the three-year period would complete a cycle. Periodically, however, because of changes in educational interests and the timeliness of the topics, subjects treated have deviated from the 15 general categories. The actual titles of issues, therefore, have varied somewhat.

INDEX TO VOLUME XXIV

Page citations are made to single pages; these are often the beginning of a chapter, section, or running discussion dealing with a topic.

- Acceleration: by examination, 325; for the gifted, 291
- Accreditation: of colleges, 341
- Achievement tests: scaling of, 384
- Action research: and curriculum improvement, 228, 248
- Activities programs: *See* Extracurriculum activities
- Administration: of guidance programs, 109, 185; of higher education, 331; of student-personnel programs, 113
- Adolescence: and communication, 6; counseling and guidance, 16; group life, 12; growth, 19; health, 24; human relations, 5; intelligence, 14; learning situation, 7; motor performance, 22; physical aspects, 19; physique, 22; psychology of, 11; race factors, 14; rural-urban factors, 14; social class, 11
- Adolescent: behavior, 11; morphological development, 20; nutritional status, 21; peer status, 12; physical education, 19; pubertal development, 20; school population, 15; social environment, 5
- Adolescent personality: and physique, 22; characteristics of, 11
- Alumni surveys: for evaluation of higher education, 345
- Analysis of covariance: discussion, 442
- Analysis of variance: discussion, 439; nonparametric test, 476
- Anthropometry: of the adolescent, 19
- Apptitude tests: scaling of, 384
- Armed forces: educational programs, 281
- Art: in general education, 290
- Articulation: high school and college, 322; junior college, 277
- Attitudes: of college students, 315
- Atypical student: provision for in college, 325
- Audio-visual teaching materials: evaluation of, 215
- Beginning teachers: deficiencies, 84; problems, 84
- Behavior: of the adolescent, 11
- Business training: follow-up studies of, 45
- Canonical correlation: discussion, 413
- Census surveys: and education, 367
- Chi-square: test of goodness of fit, 472
- Citizenship: in liberal education, 285
- Citizenship education: research in, 48
- Classification: problems, 410
- Classroom climate: for effective learning, 56
- Cluster sampling: discussion, 363
- College attendance: factors influencing, 272; goals for, 274
- College business management: discussion, 335
- College enrolment: geographic differences, 270; trends, 269
- College entrance: and curriculum, 34; and high-school acceleration, 77; current practice, 322
- College graduates: demand for, 271; supply of, 271
- College graduation: trends, 269
- College instruction: improvement of, 305; needed research, 310
- College students: achievement, 343; activities, 316; attitudes, 315; characteristics, 272; religious attitudes, 317
- College success: prediction of, 322
- College teachers: education, 305; inservice education, 306; preservice education, 305
- College teaching: evaluation of, 309
- College teaching methods: comparisons of, 307; discussion, 306
- Colleges: examinations, 343; fund raising, 335; self-studies, 346; student-personnel programs, 113; therapy programs, 162
- Commission on Financing Higher Education: survey, 331
- Communication skills: in general education, 289
- Community college: development of, 279
- Community resources: for school program, 94
- Community school: concept, 78; public attitude toward, 91
- Computational methods: factor analysis, 424; regression and correlation, 396
- Cooperative curriculum development: skills in, 238; trends, 240
- Cooperative research: in relation to curriculum development, 239
- Cooperative Study of Evaluation in General Education: described, 344
- Core curriculum: discussion, 208; in general education, 32
- Correlation: computational methods, 397; nonparametric, 476; product-moment, 396; serial, 396; theory, 395
- Counseling: and therapy, 156; developments, 134; effect on college attendance, 323; evaluation, 140; for the adolescent, 16; functions, 134; in groups, 147, 150; process, 142; research, 313; research methods, 143, 159; self-concept in, 314; techniques, 313; theories, 137, 156; training programs, 121
- Counseling programs: testing, 167
- Counselor training: field work, 128; internship, 128; programs, 125; techniques, 127
- Counselors: role of, 323
- Course offerings: and enrolments, 31
- Covariance designs: multiple-classification, 444; single-classification, 442
- Curriculum: arithmetic, 43; business training, 45; citizenship education, 48; college entrance, 34; duplication in high school and college, 326; factors influencing, 193; follow-up studies, 45; general education, 32, 289; health education, 47; home economics, 46; language arts, 40; mathematics, 43; occupations, 148; science, 43; secondary school, 30, 39, 279; vocational education, 33, 44
- Curriculum content: objectives, 30
- Curriculum design: core curriculum, 208; elementary-school, 210; nature of, 204; secondary-school, 205
- Curriculum improvement: organization for, 221; participation in, 237
- Curriculum research: needs of, 246; reporting of, 250; suggestions for, 248; techniques, 246
- Decision theory: explanation of, 448
- Dentistry: education for, 295
- Design of experiments: in educational research, 439
- Discriminant analysis: applications, 415; discussion, 402; nonparametric methods, 479
- Discriminant function: multivariate tests of significance, 406; relation to regression, 404; several-group, 408; two-group, 402
- Distribution-free statistical methods: *See* Nonparametric methods
- Drop-outs: study of, 45
- Education surveys: discussion, 367
- Elementary-school curriculum: basis for, 210
- Engineering: education for, 296
- English: in general education, 289
- Enrolment: and course offerings, 31
- Equal-appearing intervals method: discussion, 379
- Errors: in sampling, 366; nonresponse, 367
- Estimation: nonparametric, 480
- Evaluation: of college teaching, 309; of counseling, 140; of higher education, 341; of student-personnel programs, 114; of teaching methods, 60
- Extracurriculum activities: aims, 66; and the curriculum, 69; bibliographies, 66; control of, 69; failures, 67; participation in, 68; problems, 67; testing, 168; trends, 70

G.L.
Dineen

- Factor analysis: applications, 425; computational methods, 424; radex theory, 421; statistical developments, 424; use and abuse of, 422; validity of, 421
- Factorial methods: comparison of, 422; new approaches, 423
- Factors influencing college attendance: discussion, 272
- Factors influencing curriculum: colleges and universities, 197; educators, 197; laymen, 196; local-school improvement programs, 199; social conditions, 195
- Financial support as a factor in college attendance: discussion, 272
- Financing higher education: discussion, 334
- Follow-up studies: descriptions of, 45
- Foreign languages: in general education, 289
- General education: curriculum, 32, 289; role in professional training, 286; role of art, 290; role of communication skills, 289; role of English, 289; role of foreign languages, 289; role of music, 290; role of religion, 285; role of science, 289; role of social science, 290
- Generalized distance: measures, 407
- Gifted students: integrated programs, 291; provisions for, 325
- Goodness of fit: tests of, 472
- Graduate education: discussion, 295
- Grid technic: with adolescents, 19
- Group counseling: orientation, 150
- Group dynamics: and group therapy, 158
- Group guidance: for adults, 152; techniques, 147; training procedures, 149
- Group therapy: and educational institutions, 156; and group dynamics, 158; college programs, 162; research methods, 159; theory, 156
- Groups: in adolescence, 5, 12; in counseling and guidance, 147; therapy, 156
- Guidance: in elementary school, 110, 185; in groups, 147; in secondary school, 110; objectives, 109; organization and administration, 109; prediction tests, 168; selection tests, 168; teacher's role, 181; training programs, 121; vocational, 148, 172
- Guidance programs: administration, 185; problems in testing, 169; testing, 166
- Guttman scales: discussion, 381
- Health: of the adolescent, 24
- Health education: for adolescents, 47
- High-school grades: as a factor in college attendance, 272
- Higher education: accreditation, 341; administration of, 331; enrolment and attendance, 269; evaluation of, 341; financing of, 334; improvement of instruction, 305; organization of, 335; student personnel services, 313; surveys, 288, 533, 342
- Holding power: secondary school, 15
- Home economics: and adolescents, 46
- Human relations: and adolescence, 5; in the classroom, 55
- Image theory: and common-factor approach, 423
- Inservice education: and curriculum improvement, 228, 241; college teachers, 306; personnel workers, 131
- Intelligence: and adolescence, 14; as a factor in college attendance, 272
- Junior college: articulation, 277; enrolment, 278; functions, 279; organization, 76
- Junior high school: organization, 75
- Latent structure analysis: discussion, 383
- Latin square designs: discussion, 442
- Law: education for, 296
- Lay participation: in curriculum development, 243
- Leadership: in curriculum improvement, 223
- Learning: and evaluation, 60
- Learning experiences: in the secondary school, 57
- Learning situation: organization of, 55
- Liberal education: alumni reactions, 287; emphasis on citizenship, 285; role in professional training, 287; role of religion, 285; student reactions, 287
- Librarianship: education for, 297
- Measurement of utility: application of psychometric methods, 377
- Medicine: education for, 297
- Members: list of, 488
- Methods, instructional: See Teaching methods
- Military service: impact on schools, 280
- Motivation: as a factor in college attendance, 272
- Multiple counseling: discussion, 151
- Music: in general education, 290
- Needed research: curriculum design, 210; curriculum improvement, 229; factors influencing curriculum development, 200; school organization, 79; secondary school, 100; teaching materials, 218; teaching methods, 61
- Nonclass activities: See Extracurriculum activities
- Nonparametric discriminant analysis: discussion, 479
- Nonparametric estimation: discussion, 480
- Nonparametric methods: advantages of, 467; applications of, 467; correlation, 476; rationale of, 470; summaries and bibliographies, 471
- Nonparametric tests: analysis of variance, 476; comparison of samples, 473; properties of, 477
- Nonresponse error: in sampling, 367
- Nursing: education for, 298
- Nutrition: and the adolescent, 21
- Occupations course: as group guidance procedure, 148
- Organization: of higher education, 335; of secondary schools, 74
- Organization for curriculum improvement: discussion, 221; plans and programs, 222; resources, 223
- Paired comparisons method: use of, 378
- Peer status: and adolescence, 12
- Personality: factors, 428; of the adolescent, 11
- Personnel: See Teachers
- Personnel programs: See Student-personnel programs
- Personnel workers: education, 123; inservice education, 131; school and college, 121; selection, 121
- Pharmacy: education for, 299
- Physical education: for the adolescent, 19
- Physical growth: in adolescence, 19
- Physiological age: and adolescence, 22
- Physiological fitness: of adolescents, 22
- Prediction of college success: studies of, 322
- Preprofessional education: general education as basis, 286
- Procedures for curriculum improvement: action research, 228; inservice education, 228; workshops, 227
- Professional education: fields, 295
- Profile analysis: discussion, 411
- Psychology: of adolescence, 11
- Psychophysical scaling: methods, 377
- Puberty: development, 20
- Public relations: programs, 93
- Race: and adolescence, 14
- Radex theory: explanation, 421
- Random sampling: limitations, 362; misconceptions, 371
- Ranks: discussion, 380
- Ratings: discussion, 381
- Readiness: for college, 327
- Regression: autoregressive models, 394; computational methods, 397; relation to discriminant function, 404; theory, 393
- Religion: in liberal education, 285
- Research methods: counseling, 143; group therapy, 159
- Run test: discussion, 474

- Salaries: of college teachers, 334
- Sample surveys: in education, 359
- Samples: cluster, 363; judgment, 362; nonprobability, 362; unplanned, 362
- Sampling: double, 364; errors, 366; multistage, 363; probability, 361; quota, 365; random, 362; "representative," 371; sequential, 364; stratified-random, 363; systematic, 365
- Scaling: Coombs's theories, 377; Guttman's theories, 381; Thurstone's developments, 380
- School organization: needed research, 79
- Schools: and colleges, 77; and the community, 78, 91; comprehensive and special, 76; organization, 74; personnel, 83; public attitudes, 91; public relations, 93; secondary curriculum, 30, 39 (See also Curriculum); staff, 83 (See also Teachers); teacher supply, 83
- Science: in general education, 289
- Secondary education: broadening of, 278; new patterns, 277
- Secondary school: curriculum, 205; enrolment, 15; holding power, 15; needed research, 100; organization, 75
- Selection: of personnel workers, 121
- Sign test: discussion, 475
- Social class: and adolescence, 11
- Social science: in general education, 290
- Social work: education for, 299
- Society: and the adolescent, 5
- Socio-economic status: as a factor in college attendance, 272
- Sociometry: social status scores, 381
- Staff: See Teachers
- Staff problems: secondary school, 83
- Statistical decision theory: elementary survey of, 448
- Stochastic approximation methods: explanation, 482
- Student-activities programs: testing, 168
- Student evaluation: of college teaching, 309
- Student health services: organization, 318
- Student leadership: processes, 317
- Student-personnel programs: administration, 113; colleges, 113; coordination, 116; evaluation, 114; needed research, 117; organization, 113
- Student-personnel services: in higher education, 313
- Subjectmatter: See Curriculum
- Successive intervals method: in item selection, 379
- Survey data: processing methods, 367
- Survey sampling: applications, 369; design, 361; general, 359
- Surveys: census, 367; education, 367; of higher education, 288, 333, 342
- Teacher-counselor: functions, 182; training, 184
- Teacher supply: secondary school, 83
- Teachers: characteristics of, 299; employment conditions, 85; inservice training, 87; morale, 86; preservice training, 87; qualifications, 84; qualities, 87; role in guidance, 181; secondary school, 83
- Teaching materials: audio-visual, 215; bibliographies, 215; evaluation of, 214; preparation of, 216
- Teaching methods: and interpersonal relationships, 56; and the learning situation, 55; college, 306; concepts of, 54; evaluation, 60; needed research, 61; secondary school, 54
- Technics: for school-community relations, 95; of curriculum research, 246
- Television: use in college teaching, 308
- Tests: in counseling programs, 167; in guidance programs, 166; in student-activities programs, 168
- Theories: of counseling, 137, 156
- Training: of teacher-counselor, 184
- Variance designs: double-classification, 439; single-classification, 439; triple-classification, 440; with disproportionate frequencies, 441
- Veterans: academic success, 281; counseling of, 281
- Vocational and social information: mediums, 175; purposes, 173; scope, 172; status, 174; uses, 176
- Vocational education: curriculum content, 33; evaluation of, 44
- Vocational guidance: trends, 148
- Women: education, 288
- Workshops: for curriculum development, 227, 241
